SUMMARY

BDR Team Lead running a 15-rep outbound team at Wayground (formerly Quizizz), selling into US K-12. Scaled the team from 5 to 15 reps, hired and ramped 10, and drove team attainment from 70% to 110% quarter-over-quarter. Built BDR Sidekick — an AI call copilot used by the entire team (auto-dial, live IVR navigation, zero-typing dispositions, signal intelligence mined from 10,000+ accounts) that removed all between-call admin and pushed reps past 30 dials/hour. 200% peak individual quota attainment before moving into leadership.
